

In order for the student to successfully complete the UNM Co-op Program and earn a credit ("CR") on his/her academic transcript, you will have to complete this evaluation form. The information gathered through this evaluation form will provide us with feedback on the student's Co-op experience and the overall process of the UNM Co-op Program.

The completion of the 'Student Evaluation' and the 'Employer Evaluation' form is considered the student's "Final Exam." Failure to complete both forms and to return it to UNM Career Services before the last day of classes for each semester will result in a no-credit ("NC") entry on the student's transcript and a subsequent ban from the UNM Co-op Program.

There will be no exceptions and no retroactive credit Co-op will be allowed. This information is kept strictly confidential.
